MIRAVIS NEO: EVEN SOYBEANS CAN SEE THE DIFFERENCE

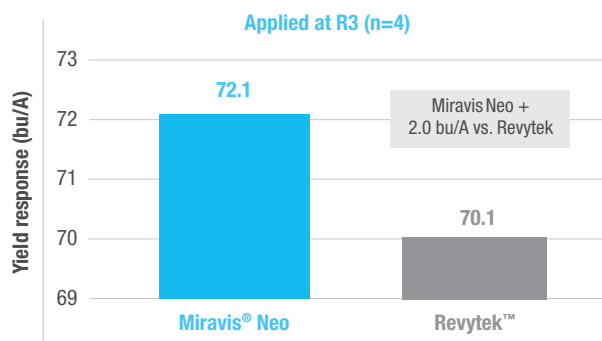

Each year, you have to manage difficult-to-control diseases and unpredictable weather to protect your soybean yield. To stay ahead, you need a fungicide you can depend on. Miravis[®] Neo fungicide offers broader disease control and better plant health for more bushels more often, maximizing profit potential at the end of the year. A combination of azoxystrobin, propiconazole and Adepidyn[®] technology – one of the highest-performing SDHI molecules on the market – Miravis Neo helps produce a cleaner, greener crop you can't miss.

DISEASES CONTROLLED:

- Aerial web blight
- Powdery mildew
- Alternaria leaf spot
- Pod and stem blight
- Anthrachnose
- Target spot
- Brown spot
- White mold (suppression)
- Frogeye leaf spot (strobilurin-resistant + susceptible)

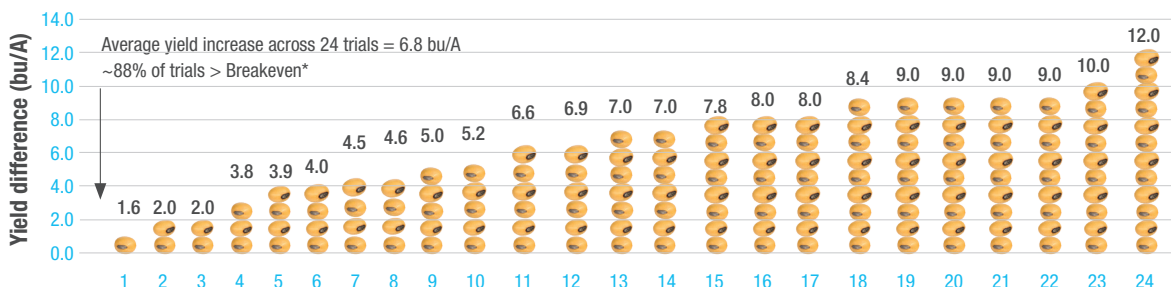

GET MORE BUSHELS MORE OFTEN

With broader disease control, Miravis Neo defends against top yield-reducing foliar and soilborne soybean diseases better than competitive brands for higher yield potential.

Missouri (1) and Ohio (3) on farm trials; 2019. Product rates per acre: Miravis Neo 13.7 fl. oz/A, Revytek 8 fl. oz/A

MIRAVIS NEO VERSUS UNTREATED

Application timing: R3

Fungicide rate per acre: Miravis Neo 13.7 oz/A (n23) – 16.0 oz/A (n1)

Syngenta trials: Wisconsin, Illinois, Ohio, Indiana, Michigan, Missouri – 2018

*Breakeven calculation: Miravis Neo 13.7 oz/A. (\$20.63) + application (\$8.00) = \$28.63, divided by \$8.00/bu = 3.57 bushels.

SEE THE DIFFERENCE WITH BETTER PLANT HEALTH

The proof is in the performance. With better disease control and two active ingredients that deliver plant-health benefits, Miravis Neo helps you grow a stronger, healthier crop to consistently help maximize ROI.

Dassel, Minnesota. September 6, 2019. Miravis Neo applied at R2 Soybeans 13.7 oz/A

Miravis Neo 13.7 oz/A

Untreated

	Miravis Neo	Untreated	% Increase
Pod Weight (g)	212 g	153 g	+ 28%
Pods per Plant	58.0	45.3	+ 22%
100 Seed Weight	18.36 g	15.04 g	+ 18%

Syngenta trial. Pods from 7 plants. Application rate and timing: Miravis Neo 13.7 oz/A applied at R3. Princeville, Illinois. September 23, 2019
